

INSTALLATION GUIDE: Student Engineering Kit, Student Design Kit, and Student Edition

Three types of Student Products

1. Student Standard (formerly Student Design Kit - SDK)
If you have obtained a SDK-ID from your local reseller then you can go to www.SOLIDWORKS.com/SDK and fill out the form shown below to start the download process. You will receive your serial number via email. Note: Please check your junk mail if you do not see it within an hour of submitting the form.
2. Student Premium (formerly Student Engineering Kit/Student Access – SEK)
If your school is eligible then they should have received this serial number as well as an SEK-ID from your Local reseller. Once you have obtained both of these, you can go to www.SOLIDWORKS.com/SEK and fill out the form shown below to start the download process.
3. Student Edition (SE)
These licenses can be purchased online through a Local Reseller or the SOLIDWORKS Student Store (<https://store.solidworks.com/studentstore/default.php>). If you requested a download instead of the DVDs then you will receive installation instructions via email.

Installation Steps

1. Insert the first DVD into your computer and run the setup.exe file.
If you do not have a DVD or a disk drive, go to www.SOLIDWORKS.com/SEK and request a download of the Installation Manager by completing the form below. You must have a School License ID, SDK-ID or SEK-ID to complete the form.

The screenshot shows a web browser window displaying the SOLIDWORKS Education Download Instructions form. The browser address bar shows www.solidworks.com/na/education/SQL_form.html. The page header includes the SOLIDWORKS logo and navigation links: PRODUCTS, INDUSTRIES, HOW TO BUY, SUPPORT, COMMUNITY, RESOURCE CENTER, CUSTOMERS. A search bar is present with the text "Enter Search Term". The page content is titled "SOLIDWORKS Education Download Instructions" and includes the following text: "Download instructions for qualified educators, makers, military, students and sponsored organizations." Below this, it states: "Please enter your information in the fields below - all fields required. Please enter accurate information, including email address. Download instructions and licensing serial number will be emailed to the address you provide." A link to the privacy policy is provided: "Please refer to DS SOLIDWORKS Corp.'s privacy policy link below regarding how your data will be used." The form fields are: "School License ID, SDK-ID or SEK-ID:" (text input), "Are you a:" (dropdown menu), "First Name:" (text input), "Last Name:" (text input), "School Name:" (text input), "School Type:" (dropdown menu), "Major:" (dropdown menu), "Month of Graduation:" (dropdown menu), "Year of Graduation:" (dropdown menu), "City:" (text input), and "State:" (text input). The language is set to "English".

INSTALLATION GUIDE: Student Engineering Kit, Student Design Kit, and Student Edition

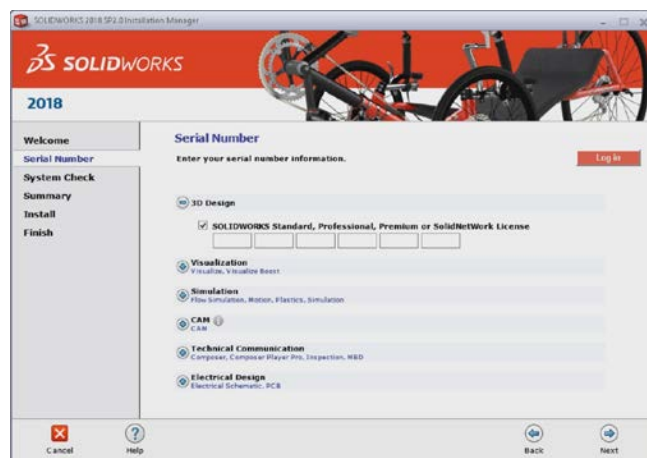

2. Once the Installation Manager is running, select the option “Individual (on this computer)” and click the “next” arrow.

3. Input serial numbers of the products that you want to install.
 - a. SOLIDWORKS Serial Number for Student Engineer Kits and Student Editions includes the following products:
 - i. SOLIDWORKS Premium
 - ii. SOLIDWORKS Simulation Premium
 - iii. SOLIDWORKS Flow Simulation
 - iv. SOLIDWORKS Motion
 - v. SOLIDWORKS Plastics Professional
 - vi. SOLIDWORKS Sustainability
 - vii. SOLIDWORKS Electrical Professional
 - viii. SOLIDWORKS Model Based Definition
 - ix. SOLIDWORKS Visualize Professional

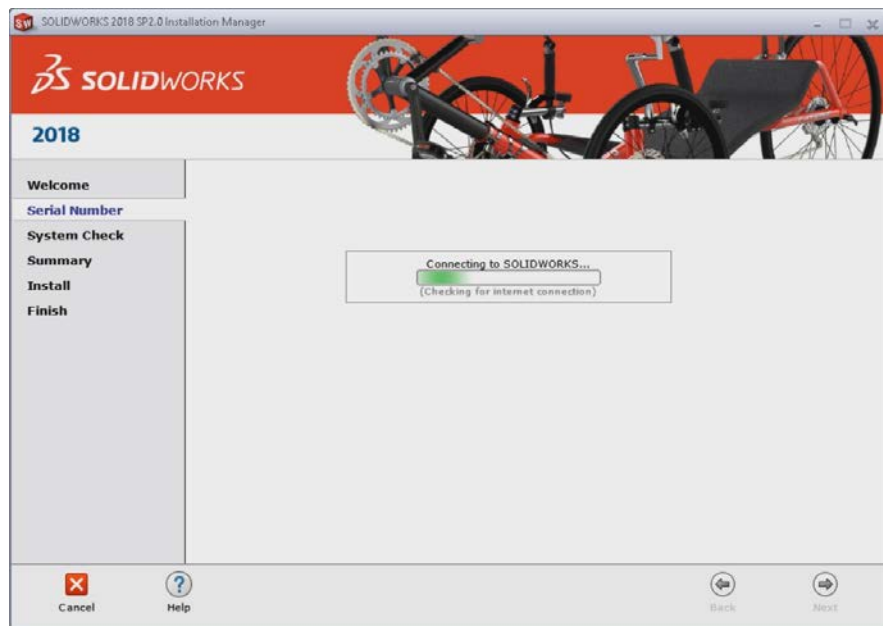

Note: Student Design Kit only include SOLIDWORKS Standard.

- b. SOLIDWORKS Composer and CAM are the only products with separate Serial Numbers. Please note only schools that have Student Access will receive a separate serial number for this product.

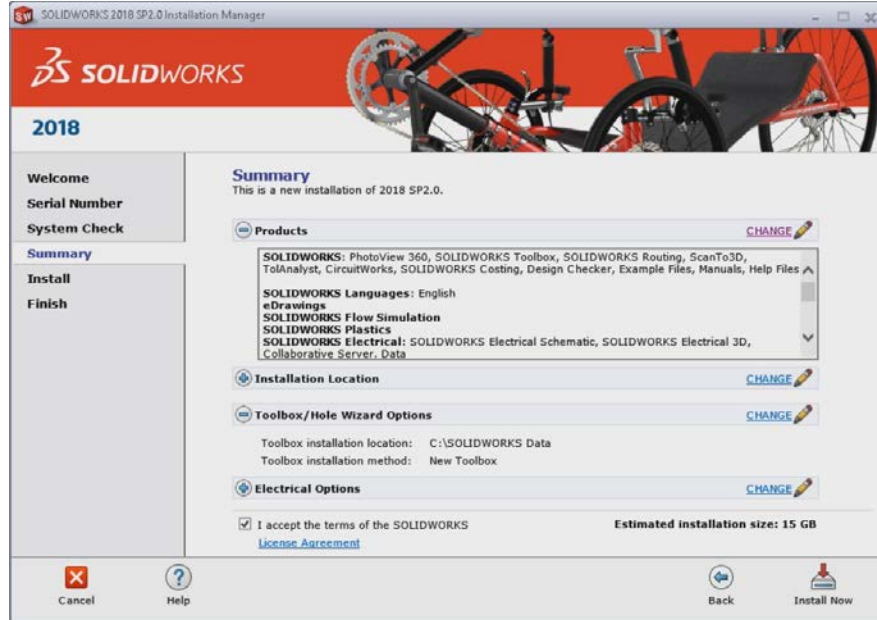

INSTALLATION GUIDE: Student Engineering Kit, Student Design Kit, and Student Edition

4. If you want to install all the products then click next arrow, otherwise click “product selection”.
- Note: If you have already installed Workgroup PDM Vault and want this computer to access the vault then you will have to click “product selection” and check Workgroup PDM.
5. If you clicked “product selection”, this will take you to another screen where you can choose the products you would like to install. You can only select products that your serial number gives you access to.
 6. After selecting the products you would like to install click next.
 7. The Installation Manager will now check and verify you have the system requirements to run SOLIDWORKS. If something is amiss, you will be notified. This process may take several minutes.

8. Once your system has been checked, you will be taken to a summary screen displaying all of the products you will be installing. Check the box marking that you accept our terms and conditions and click install.

INSTALLATION GUIDE: Student Engineering Kit, Student Design Kit, and Student Edition

9. If you are installing **without** the DVDs, SOLIDWORKS will first need to download all data and then install. This may take some time.
10. Once the installation is complete, click “finish” and you will be able to use your SOLIDWORKS products.

Additional Resources

MySolidWorks Professional:

Student Edition and Student Engineering Kit both are eligible for a year access to MySolidWorks Professional for free. Please follow the link below for how to create an account and get access.

<http://my.solidworks.com/account/student-access>

Industry Certifications:

Any school or team that receives the Student Engineering Kit is most likely eligible to receive our Industry Certifications for free. These certifications are to further increase students resumes and give them an edge when looking for jobs. These certifications prove the students’ knowledge of 3d visualization. Please reach out to your teacher and Reseller to learn how to administer these exams.
